Khoo Khay Beng Leon

Bachelor of Accounting (Hons) - TAR UC

Year Graduated: 2019

Studying in the Bachelor of Accounting (Hons) programme in TAR UC will forever be one of the greatest moments in my life. I have made great friends, experienced something more than just academic and learned more about myself and my passion.

This programme is a diverse and enriching programme that has provided me with a plethora of knowledge from the various spectrum of accounting, audit and taxation. The knowledge gained helped me in developing my understanding and passion for accounting and prepared me to face the challenging working world. During my internship, I was amazed at how much I have learned and how it could be applied to real life working scenarios.

I am most grateful towards the lecturers in TAR UC. They always gave their best and even provided us guidance for our external professional examinations. Like second parents, they cared about us and were willing to share with us their experience which helped me grow to become a much better person.

It was a challenging four years, but the experience and results were worth it. I would highly encourage anyone to come to TAR UC and experience the student life here.
